SELECTMEN'S FOREWORD

As the Town of Marlborough moves into the final year of the 1960's it is confronted, as are most other communities in our country, with the growing problem of providing adequate services to its citizens and good education for its children while wrestling with the ever-growing problem of a rising tax rate and enlarged budgets. Realizing these problems will not automatically abate, the Selectmen and the Planning Board are presently engaged in a comprehensive study of all the areas and all the factors involved, with a consulting firm from Boston, Massachusetts, using the \$4000 that was raised and appropriated for the purpose and the \$9000 matching fund received from the State and Federal aid. At this writing we have been given information as to population trends, probable growth areas in the community and at present, maps are being prepared that will show topography, streets, cemeteries and other points of interest that will enable us to determine land use. Studies to be made in the future by the consulting firm will include a school study, a study as to what types of business or industry our community is best suited and other important areas as well.

The Public Lands Committee is being continued because there seems to be possible litigation pending concerning lands that belong to the Town but which others have claimed to be their own. The unexpended balance of the appropriation for the committee's use, in the amount of \$687.90, is being carried over to pay for expenses incurred in the above mentioned litigation. When this committee's work has been concluded, it will be dissolved.

The two major pieces of equipment the Town voted to purchase at last year's meeting have been in operation for some months and are proving to be very satisfactory. The new fire truck has performed well in all the tests it has been given and it seems the Town has purchased a very good piece of equipment that will give us excellent service for many years to come. In the purchase of the Austin-Western grader, the Town was fortunate to get approximately \$1600 worth of added equipment at no extra charge. This added equipment was in the form of a torque converter and an over-sized air cleaner. This machine is very satisfactory and we are sure that it too, will give us many years of valuable service.

The 1968 tax rate was set at \$4.04 per hundred valuation by the State Tax Commission and was based on a total Net Assessed Valua-

tion of \$7,906,065. The Town is faced, however, with the reality that this net assessed valuation will decrease over the next three years due to the fact that the Public Service Company of N. H. is writing off the sub station or power house located on Roxbury Road. This, of course, will cause the tax rate to automatically increase; as to what degree we have not yet been able to determine.

The Selectmen wish to thank the many Town Officers and Committees for their considerations, their cooperation and their help during the past year and especially wish to thank all the citizens of Marlborough for their interest and loyalty to their community. We are interested in and will welcome any suggestions from the people of the Town in our attempt to make Marlborough a better place in which to live and work, and while everything in the future does not look bright, we are convinced that most all problems facing our community can be solved if we work together in the best interest of the Town.

TOWN OFFICERS

Moderator: FRANK E. KNIGHT

Selectmen: ALLAN WILLIAMS, '69 Chm.; ALFRED S. DESPRES, '71; DAVID E. CHENEY, '70

Town Clerk: OSCAR F. CROTEAU*; NORMA COX (Resigned); OLIVER DERBY

The State of New Hampshire

TOWN WARRANT

To the Inhabitants of the Town of Marlborough in the County of Cheshire in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Marlborough High School Auditorium in said Marlborough on Tuesday, the Eleventh day of March, next at one of the clock in the afternoon, business meeting to be held at seven-thirty in the evening to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see what sums of money the town will raise and appropriate for Highway operations: —
Summer and Winter maintenance and general expense.
4. To see what sum of money the town will vote to raise and appropriate for the application of tar to the highways.
5. To see what sum of money the Town will vote to raise and appropriate for repair and construction of sidewalks.
6. To see if the Town will vote to raise \$719.59, the State to contribute \$4,797.26 for Class V road construction, apportionment A.
7. To see what action the Town will take relative to the replacement of the remaining old incandescent street lights with new Mercury lights.
8. To see what sum of money the Town will vote to raise and appropriate for street lighting.
9. To see if the Town will vote to appropriate the sum of Four Thousand (\$4000) Dollars for the Marlborough Police Department, the expenditure of funds under this appropriation to be by the Chief of Police subject to approval by the Board of Selectmen.

10. To see what sum the Town will vote to raise and appropriate for repairs, water storage and equipment of the Fire Department.

11. To see if the Town will vote to raise and appropriate the sum of \$419 (six cents per thousand dollars of equalized valuation of the Town) to the Monadnock Region Association of southwestern New Hampshire for issuance and distribution of printed matter, newspaper and magazine advertising, and by other means calling attention to the resources and natural advantages of the Town, in cooperation with the other thirty-seven Towns of the Monadnock Region.

12. To see if the Town will vote to enter into an Agreement with the Town of Swanzey, the Town of Troy and the City of Keene pursuant to the authority granted by New Hampshire Revised Statutes Annotated, Chapter 53-A, for the purpose of erecting, maintaining and operating main drains, common sewers and/or a sewage disposal plant or other device necessary or convenient for compliance with any water pollution statute or regulation lawfully issued, and to authorize the Selectmen to execute an Agreement in such form as the Selectmen deem advisable and to take such other and further action as the Selectmen deem necessary or advisable to carry out the terms of such Agreement

13. To see if the Town will vote to raise and appropriate the sum of \$200 as the Town's share of the 1969 Budget for the implementation of action under said multi-town sewage agreement.

14. To see what sum of money the Town will raise and appropriate for the school patrol officer.

15. To see if the Town will vote to raise and appropriate the sum of \$100 toward the eradication of White Pine Blister Rust.

16. To see if the Town will vote to discontinue a portion of Laurel Street, the center of line of which is described as follows: Beginning in the center of Old Laurel Street at a point in the South Easterly line of New Laurel Street at or near its intersection with Picnic Grove Road; thence Northwesterly on a curve approximately 262 feet bordering land of Maurice Bowes to the Westerly intersection of said Old Laurel Street and New Laurel Street.

17. To see if the Town will vote to raise and appropriate the sum of \$3,125 for hydrant rental.

18. To see if the Town will vote to raise and appropriate the sum of \$1,000 for retirement of water note due December 15, 1969.

19. To see if the Town will vote to raise and appropriate the sum of \$2,000 to retire Note No. 1 at the Keene National Bank for moving hydrants and water mains.

20. To see if the Town will vote to raise and appropriate the sum of \$3,000 to retire Note No. 1 at the Ashuelot National Bank for the grader.

21. To see if the Town will vote to raise and appropriate the sum of \$2,000 to retire Note No. 1 at the Keene National Bank for the fire truck.

22. To see if the Town will vote to raise and appropriate the sum of \$3,000 for the District Nursing Association.

23. To see what sum of money the Town will raise and appropriate for the support and operating costs of the Elliot Community Hospital.

24. To see if the Town will vote to raise and appropriate the sum of \$485 to support the services of the Community Mental Health Clinic of the Monadnock Family and Mental Health Service, said services operating under the provisions of the Community Mental Health Services Act of New Hampshire, with State grant-in-aid. Local request for financial support is based on a .30 per capita formula.

25. To see what sum of money the Town will vote to raise and appropriate for the operating costs of the Frost Free Library.

26. To see if the Town will vote to use \$300 of the Charles C. Ward Town Fund for the purchase of Children's Books for the Frost Free Library.

27. To see what sum of money the Town will raise and appropriate for the purchase of a new tractor-loader for the highway department, trading in the old loader towards the purchase price of the new loader.

28. To see what sum of money the Town will vote to raise and appropriate for Memorial Day.

29. To see what sum of money the Town will vote to raise and appropriate for the recreation commission.

30. To see if the Town will Raise \$150 for support of the Little League of Marlborough consisting of three teams or act in any manner relating thereto.

31. To see what sum the Town will vote to raise and appropriate for civil defense.

32. To see if the Town will vote to adopt the provisions of the game of Beano.

33. To see if the Town will authorize the Selectmen to accept sealed bids for the old Ford fire truck.

34. To see if the Town will vote to accept the 1956 Dodge Tank Truck from the Marlborough Fire Company.

35. To see if the Town will vote to accept funds for perpetual care of cemetery lots.

36. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

37. To see if the Town will vote to authorize the Selectmen to sell property acquired by Tax Collectors Deeds and Gifts.

38. To hear reports of Town Agents, Auditors and Committees.

39. To transact any further business that may legally come before the meeting.

Given under our hands and seal, this thirteenth day of February, in the year of our Lord nineteen hundred sixty-nine.

**REPORT OF
POLICE DEPARTMENT
For Year 1968**

There were 20 accidents in town this year, with no serious injuries, or heavy property damage.

We had more trouble with dogs than usual, with 6 people reported being bitten.

There were 7 breaks in town this year, but there was nothing taken in some of the breaks. We recovered quite a few stolen items from breaks in other towns. All breaks not yet solved are still being investigated by local police, State Police, and Sheriff's Dept.

We had the usual amount of trouble with Juveniles breaking windows, light bulbs and the likes. One group of 6 juveniles were made to pay for a car windshield they broke by throwing stones.

We made 2 trips to the State Hospital in Concord to bring patients. We had to hire a woman as an escort for a female patient.

We had 1 car dumped into the quarry. We had to hire a diver to hook onto it to pull it out. The quarry has since been closed to vehicular traffic.

There were 3 arrests made in 1968.

We had to serve several summons for the Keene police, and other out of state police departments.

We did more patrol than usual this year. We found 1 door unlocked while on patrol. We check most of the summer places while on patrol if we know they are supposed to be vacant for awhile.

We received our new radio's and they have proved to be very satisfactory.

The Monadnock Rangers were on patrol for us 2 nights before Halloween. They are also available to us any time we need them without cost to the town.

We wish to thank all of the town people for the cooperation given us during the past year.

Respectfully submitted,
ERNEST THOIN, Chief

THE REPORT OF FIRE WARDS

The Fire Department answered 24 calls this past year. 2 General alarms, 9 Still alarms, 3 Resuscitator calls, 5 False alarms, and 5 Mutual Aid calls. 1 to Harrisville, 2 to Swanzey Center, 1 to Keene, and 1 to Dublin.

Although our financial report shows only \$4,238.47 spent, we actually went over the appropriation when we paid bills that came in too late to be on this year's report.

Due to the higher cost of materials and labor we feel that our appropriation should be raised from \$4,500.00 to \$5,000.00 this year.

Our new truck has been delivered, fully loaded and placed in service. We are very much satisfied with it. We feel that we are well set for large equipment for some time to come.

We ran a poster contest at school for fire prevention week last year. We received fine cooperation from the school, and many very fine posters were displayed.

We wish to thank the members of the fire company, Selectmen, Local and State Police, and citizens of Marlborough for their fine cooperation during the past year.

ERNEST BEAUREGARD, ROBERT CAPRON, LLOYD FRETCHETTE, GEORGE MORSE, CARL RUSSELL, The Fire Wards.

PHILIP M. CLARK

Treasurer

January 16, 1969

Annual Report of the Town and School Nurse

Jan. 1, 1967 to Dec. 31, 1968

A total was made of 564 calls, serving 47 different persons.

Because of the new "sliding pay" scale, there are several different categories of pay received. The total breaks down as follows:

*Special charge	1
\$3.00 calls	54
\$2.00 calls	4
\$1.00 calls	120
Medicare Calls	123
.50¢ calls	14
Free calls	248

*(usually are for transportation to Dr. or clinic more than 5 miles distant)

The monthly rate of calls remains fairly constant throughout the year, this year. The lowest number of calls was seen in February, the highest number in October.

During the past year funds raised by the P.T.A. and matched by the N.H. State Dental Welfare program were put to use to help several children who had severe cavities and were not getting the dental care necessary. The children were taken to Dr. Goodman of Jaffrey, (beloved by the kids), who was kind enough to work our people into his busy schedule. "We" had the dubious pleasure of having the most amount of work necessary per child of all the children that he has from several surrounding towns, that are also participating in this program. Our thanks in behalf of the "kids" to the P.T.A. for it's sponsorship. This most worthwhile program is going on at present sponsored by the Marlborough Community Nursing Association, for this year. Any organization or group that might be interested in sponsoring the program for one year can receive additional information from Mrs. Rowena Bottomley, Pres. of the Association, or Mrs. Margaret Ford, Nurse. These clinics must be set up well in advance

of the school year start. About 23 people have benefitted from this program to date.

At school there were 184 pupils examined by the school physician. Defects found include the following.

Cavaties in teeth	28
Excess of wax in ears	6
Innocent Heart Murmur	8
Rapid heart	2
Dermatitis	2

School nurse examinations include height and weight and eye examination (screening tests) of 403 pupils. Also check of teeth in *grades not examined by physician.*

Defects found and reported to parents include the following.

Eyes—defective vision	32
Teeth—Cavaties	25

In general students reflect better care from early childhood, in the fewer number of defects found at physical examinations at school and in general better health.

Respectfully submitted

To the board of trustees and the citizens of Marlborough the librarian here-by submits the library annual report for the year 1968.

STATISTICS:

CIRCULATION OF BOOKS AND NON-BOOK MATERIAL

Adult fiction	2881
Adult Non-fiction	1275
Magazines & pamphlets	1567
Juvenile fiction	2653
Juvenile Non-fiction	419
Records	113
Picture Puzzles	200
Tape Recordings	4
Total	<hr/> 9112

The library was open 289 days.

Sponsored 24 film programs.

Librarian gave 6 book talks at school.

Loaned 420 books to school for classroom use.

Sponsored 31 Story Time programs—average attendance was 25.

Borrowed 1,491 books from the State operated bookmobile to augment our collection.

The statistics do not record the increased use of our library by all age groups. Many have made use of our library as an information center, the music listening room with its equipment and the browsing areas.

Borrowed 122 books from the State Library on special requests.

Added 266 books to our collection.

Borrowed 45 16mm films from the State Library.

We have added three new services this year. A Record Loan Collection, a Copy Machine and a Tape Recorder. The tape recorder may be used in the library by any adult who wants to make a recording. A small fee will be charged for the tape. It is our plan to tape all meetings pertinent to the history of our town. There were funds with this gift to buy additional tapes for this purpose or tapes of literary and historic value for the library collection.

The family and friends of Marshall Ford presented the library a sum of money in his memory with which to buy books about Vietnam, the war and helicopters. We have purchased 36 books, to date. The fund left will be used to up date the subject until depleted. The collection has circulated well and it is our hope that our readers may gain a better understanding of the Vietnam situation as well as the advancement and use made of the helicopter in our daily living.

Living memorials such as these are a fine tribute to those who

have given service to their community and country. They will long be remembered for their act of duty. These memorials will pass on valuable information for generations to come. What finer way is there to go on serving ones' community.

The high light of the year was the dedication of the addition to our library. This was indeed a happy occasion for all who had worked so faithfully on the building and renovating project. Former librarians, trustees and patrons who had worked with the crowded conditions through the years found it thrilling to witness a dream come true.

It is our desire to incorporate new services as a result of patrons' requests. To the extent we are not giving total library service to you, our patrons, we invite you to feel free to drop in and discuss them with us. We can't compete with fast ??? service and the vast knowledge available at the modern computer library, however, we like to feel that our personal interest in your requests and our willingness to help you seek out needed information will make you feel welcome to use your library and it's services no matter how trivial your question or requests may seem to you.

Space doesn't allow me to name all who have contributed their time, talent and effort to help make this past year so successful. However, I would like to publicly thank some who have been working behind the scene on behalf of our library.

Mr. Lawrence Conant, Publicity Chairman for his ever faithful interest in keeping F.F.L. in the news.

Mrs. Jean Williams and her Minnewawa 4H Rock and Mineral Club for their untiring interest in making jewelry of the granite from that which was removed from the back wall of the library. Proceeds of this project were turned over to the building and renovating fund. They also gave gifts made of the granite to our guest speakers at both Centennial and Dedication programs. We are most grateful to each who participated.

Mr. Ralph Pierce our Building Committee Chairman and ever faithful trustee has spent untold hours on library business. We can thank him for finding a way to make our dream become a reality. It amazes me how he kept the project solvent at all times.

To our Trustees, Mrs. Corilla Williams, secretary, Mrs. Ruth Knight, treasurer, Mr. David Cheney, chairman, Rev. Walter N. Stone and Mr. Alfred Despres for their active interest in our library.

Mrs. Marjorie P. Moore and her foods class for preparing and serving the delicious refreshments at the Dedication Program.

The staff Mrs. Jean Williams and Cecil Nash for their untiring devotion to their respectful positions. I personally am most grateful.

We are most appreciative to patrons who have made generous gifts of books and memorial funds to our library.

My closing thought is this, "Men die; devices change; success and fame run their course. But within the walls of ever the smallest library in our land lie the treasures, the wisdom and the wonder of man's greatest adventures on this earth."

Respectfully Submitted,

MRS. CORINNE NASH

REPORT ON YOUR MONADNOCK REGION ASSOCIATION

To the Town of Marlborough

The Monadnock Region Association pledges itself to the continuance of its efforts to preserve the traditional beauty, dignity and character of our Region.

We pledge ourselves to the service of every area resident, organization and town as we face today's and tomorrow's problems of housing, employment, industrial growth, zoning, air travel and highway expansion.

This growth is apparent today and will make itself felt even more in the months and years ahead. Through the dedicated efforts of the Monadnock Region Association, its 37 towns and the city of Keene . . . the development of our Region will be controlled and desirable.

Work was completed on the new lots in Pine Grove Cemetery, giving us about 40 additional lots, that should care for our needs for a few years.

Within a very short time we will be needing funds to repair the cement wall along the road.

BARBARA H. FRECHETTE
Treasurer

Marlborough Recreation Commission Annual Report 1968

The commission has met four times this year. Due to lack of funds the projects have been limited. A questionnaire was sent home by each child in grades 1-9 to find out who was interested in a swimming program or summer play ground. The swimming program proved most popular. Mrs. Douglas Croteau was in charge of arrangements for this project. There were 58 who participated in the project. It was run as the RED CROSS SWIMMING PROJECT but the commission paid the transportation. Chaperons for the nine days were, Mrs. Maurice Bowes, Mrs. Arthur Bottomley Jr., Mrs. Donald Balcom, Mrs. Carl Johnson, and Mr. John Allen. The commission wished to take this opportunity to thank all who cooperated to make this project possible.

We have helped finance Little League as the previous commission had promised. However, we did ask for \$150.00 reimbursement. The managers agreed to this and kept their commitment.

We have made an extensive study of the possibilities and cost of a water fountain at the ball flat. It is our hope that we will be able to carry out this project next year.

Our meetings may not have been many but they have been lengthy and we have discussed many project possibilities all of which will cost money. Our aim is to put the necessary things first and to offer programs that meet the needs of the community. We are thinking of all age groups in our long range planning.

Respectfully submitted,

CORINNE NASH,

Secretary

NOTES

a. The following new Cemetery Funds were received during the year which were invested in the Manchester Federal Savings:

- \$150.00 ELLEN ARO CEMETERY FUND: Created Dec. 31, 1967 but received by the Trustees in the 1968 year; the income to be used only for the perpetual care of lot #52 in Pine Grove Cemetery.
- \$200.00 CARLOS E. BARNES, SR. & CARLOS E. BARNES, JR. CEMETERY FUND: Created Sept. 23, 1968 by themselves, both living at 210 Beaver St., Keene, N. H.; the income to be used only for the perpetual care of lot #91 in Pine Grove Extension Cemetery.
- \$200.00 TIMOTHY & MARSHALL FORD CEMETERY FUND: Created Sept. 9, 1968 by Mr. & Mrs. Timothy Ford and their son's widow, Mrs. Marshall H. Ford; the income to be used only for the perpetual care of lot #195 in Pine Grove Extension Cemetery.
- \$200.00 OLIVER GIGUERE CEMETERY FUND: Created June 17, 1968, the income to be used only for the perpetual care of lot #154 in Pine Grove Extension Cemetery.
- \$250.00 WALTER L. GOODNOW CEMETERY FUND: Created Sept. 9, 1968 by Leslie H. Goodnow, Executor of the Walter L. Goodnow Estate; the income to be used only for the perpetual care of lot #125 in Pine Grove Extension Cemetery.
- \$200.00 ELLERY MAHON CEMETERY FUND: Created Feb. 19, 1968 by his son-in-law, Bernhard N. Larsen, 200 Kenwich Drive, Akron, Ohio 44313; the income to be used only for the perpetual care of lot #11 in Pine Grove Cemetery.
- \$50.00 KENNETH WARD CEMETERY FUND: Created Dec. 31, 1967 but received by the Trustees in the 1968 year; the income to be used only for the perpetual care of lot #198 in Pine Grove Extension Cemetery which is a 2 grave lot.
- \$1,250.00 These new cemetery funds were all invested in the MANCHESTER FEDERAL SAVINGS.
- \$1,800.00 Additional to the FRED D. HEMENWAY ESTEY & GRANITEVILLE CEMETERY FUND which was originally created in the amount of \$200.00 on Dec. 31, 1962 by the Selectmen "from sale of part of White land" and received by the Trustees in the 1963 accounting year; this addition of \$1,800.00 was received from the Selectmen on Feb. 19, 1968 — being the proceeds of the sale of the balance of the Levi White lot, making the principal \$2,000.00; ½ the income to be used for the perpetual care and improvement of the Estey Cemetery and ½ for the perpetual care and improvement of Graniteville Cemetery. This \$1,800.00 addition was invested in the Peterborough Savings Bank.
- \$3,050.00 Total new principal added to the CEMETERY FUNDS during the year of which \$1,250.00 was invested in the MANCHESTER FEDERAL SAVINGS and \$1,800.00 was invested in the PETERBOROUGH SAVINGS BANK.
- b. The \$10,000 U. S. Govt. (H) Bond matured in 1968. The \$10,000 of cash received was reinvested in a \$10,000 U. S. Treasury, Series B-1974, #17704, which was purchased at discount for \$9,985.63. The balance of the proceeds was invested in the CHESHIRE COUNTY SAVINGS BANK where part of the Pease Educational Fund had been previously invested. This explains the increased principal of \$14.37 in the Cheshire County Savings Bank.
- c. JENNIE WELLINGTON CEMETERY FUND: In a letter postmarked March 26, 1968 from Bessie Gannett, 717 Selkirk, West Palm Beach, Florida 33405, she requested that her mother's Cemetery Fund be corrected so as to be known as the JENNIE WELLINGTON CEMETERY FUND rather than the Jessie Wellington Cemetery Fund. Our records have been so corrected.

d. Reconciliation of 1968 Accumulated Interest with that reported in 1967: The 1967 report indicates that there was \$761.30 (\$70,059.82-\$12,298.52=\$761.30) of Accumulated Interest whereas the 1968 report indicates \$1,677.55 of Accumulated Interest. This is explained by the fact that \$916.25 of interest earned in 1967 on the \$24,953.13 U. S. Treasury security was not spent and was deposited in the Manchester Savings Bank (JOHN H. KIMBALL CHILDREN'S HEALTH FUND) to make this year's Accumulated Interest amount to \$1,677.55:

John H. Kimball Children's Health Fund (invested in Manchester Savings Bank)	
\$ 761.30 1967 reported Acc. Int.	
916.25 Unspent 1967 Int. on	
\$24,953.13 U. S. Treasury	
<u>\$1,677.55</u> 1968 Accumulated Interest	

If further explanation is needed, see 1967 note on Manchester Savings Bank detailed page (last note on page).

e. The following expenses were paid from the incomes of the MARIA L. KIMBALL EDUCATION FUND and JOHN H. KIMBALL CHILDREN'S HEALTH FUND during the year and divided equally between the two funds:

\$18.00 Probate Court Expense
25.00 Attorney Expense
90.00 Bonding Expense
<u>\$133.00</u>

I have examined the accounts of the Trustees of Trust Funds, Town of Marlborough, N. H. and have found them correct to the best of my knowledge and belief.

Rachel Ohman,

Auditor

REPORT OF PLANNING BOARD

The planning board has been working on the town's Comprehensive Plan with Community Planning Services of Boston since October. This work is expected to take a year. Two members of the planning firm will meet with the planning board and selectmen at least once a month for discussion and to give a progress report.

Included in the study will be population characteristics, economy, streets and highways, and capability, land use (present and proposed) public utilities, schools, town buildings, community recreation (plans for expansion of existing and acquisition of new areas) building conditions and an analysis of potential of land areas for future development.

Before completion of the study the board will hold public hearings to enable townspeople to become familiar with all aspects of it.

Some of the board members attended a 10 week seminar held at St. Anselm from which much useful information was gained which will be helpful in developing and utilizing our comprehensive plan.

WILLIAM PIPER, JR.
CLAYTON WILCOX
ALAN YOUNG

PRISCILLA RICHARDSON, Chair.

TOWN AUDITOR'S REPORT

This is to certify that I have examined the books and records of the Selectmen, Town Treasurer, Town Clerk, Tax Collector, Collector of Water Rents, Road Agent, Trustees of Trust Funds, Cemetery Committee and Library, for the year ended Dec. 31, 1968, and found them correct and properly vouched, to the best of my knowledge and belief.

RACHEL OHMAN,
Town Auditor

**The State of New Hampshire
SCHOOL WARRANT**

To the inhabitants of the school district in the Town of Marlborough qualified to vote in district affairs:

You are hereby notified to meet at the High School in said district on the 15th day of March, 1969, at 3 o'clock in the afternoon to bring in your votes for the election of the following officials:

1. A moderator for the coming year.
A clerk for the ensuing year.
A member of the school board for the ensuing three years.
A treasurer for the ensuing year.
An auditor for the ensuing year.

You are hereby further notified to meet at the High School in said district on March 15, 1969, at 8:00 P.M. to act upon the following subjects: (Polls will open not later than 3:00 P.M., nor close earlier than 9:00 P.M.)

2. To hear the reports of agents, auditors, committees or officers chosen, and to pass any vote relating thereto.
3. To choose agents, auditors and committees in relation to any subject embraced in this warrant.
4. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the salaries of school district officers and agents, and for the payment of statutory obligations of the district.
5. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire.
6. To see what sum of money the district will raise and appropriate for the support of Educational Adjustment Services, including psychological, psychiatric, and speech therapy services, or act in any manner relating thereto.
7. To see if the town will raise and appropriate the sum of \$500.00 to cover the expenses of a School Study Committee, and authorize and instruct the School Board to appoint the members of said Committee to same. (By petition of ten voters.)
8. To transact any other business which may legally come before this meeting.

Given under our hands at said Marlborough this 17th day of Feb., 1969.

ALPHONSE A. DESPRES
FREDERICK P. HARRSEN
RICHARD W. BUTLER

REPORT OF THE PRINCIPAL

Herewith is my report as Principal of Marlborough Schools. In it I shall attempt to give pertinent facts which should be of interest to townspeople and will, also, try to include a few points which may be worthy of consideration as the future is faced.

Enrollment

It seems desirable at the beginning of these reports to compare pupil members in the current school year to those of the year immediately preceding. The following are figures showing September enrollments in 1968 and 1967.

	Sept. 1968	Sept. 1967	Change
Grade 12	17	21	-4
Grade 11	22	24	-2
Grade 10	29	25	+4
Grade 9	38	30	+8
Sr. H. S. Total	106	100	+6
Grade 8	35	32	+3
Grade 7	37	35	+2
Jr. H. S. Total	72	67	+5
Grade 6	33	34	-1
Grade 5	23	29	-6
Grade 4	30	22	+8
Grade 3	30	28	+2
Grade 2	30	33	-3
Grade 1	42	42	0
Elementary Totals	188	188	0
Grand Totals:	366	355	+11

The fact that our school enrollment has not risen as rapidly as many others have can be understood when we realize that practically no new housing units have been erected in our town in recent years.

The size of our school with its very favorable teacher-pupil ratio presents excellent opportunity for students to prepare themselves well in many areas. The facilities are adequate and the staff is competent.

Curriculum and Program, Grades Seven Through Twelve

Our high school program meets the minimum requirements for a comprehensive high school as defined by the State Department of Education. The offerings include five units of English, seven of mathematics, five of foreign language, five of science, five of social studies, and a total of sixteen in the fields of practical arts, including the commercial, home economics and industrial arts courses. Many of these are two track programs with pupils divided as college bound and noncollege bound. In addition, there are five offerings in art and music, plus the physical education program. We have attempted to bring about considerable change in the industrial arts area with the acquisition of new equipment and revamping of course content.

Our graduates are, in general, successful in getting admitted to schools of their choice and by their success, give evidence of adequate preparation. Very, very few of our graduates who start higher education discontinue it due to inadequate preparation. This number is small and is well within the national average.

As for the noncollege students, it might be borne in mind that the better jobs in today's world go to persons with training and if this is not acquired at some school, it must come from periods of patient effort in on-the-job acquisition of the skills and knowledge necessary. High schools must not be expected to be institutions of terminal education producing a finished product.

Our seventh and eighth grade programs include the usual discipline subjects plus the offerings in fine and practical arts areas. Pupil interest, evidence of desire and ability, test results and conferences are among the factors determining the pattern of the high school course.

School Staff, All Grades

I will list only those changes from last year for the information of our readers. In the elementary grades a regrouping made possible by some changes in grade enrollment resulted in the temporary elimination of one position. This was the one held by Mr. John Bardis, and he obtained a position in a nearby system. Mr. Robert Nute, Music Director, left teaching to enter business. He was replaced by Mr. Larry Stone, a 1968 graduate of Keene State College.

In grades seven through twelve, four teachers left. They were: Mrs. Martha Blacketor, who left to accept a college teaching post; Mr. Paul Miller, also to a college teaching affiliation; Mrs. Sally Reade, who retired from teaching; Mr. Jay Schofield entered another professional field.

The above named were replaced respectively by Mrs. Joan Anderson with teaching experience in Connecticut; Mr. Kenneth Berry who returned to teaching after some years in business; Mr. Rufus Stacey with experience in Hopkinton High; and Mr. Robert Anderson with several years of experience, the most recent of which was in Connecticut. We were fortunate in experiencing such a relatively low turnover in staff. The school board and the citizens deserve to be commended for providing the conditions which keep teachers contented to stay in their positions.

Mrs. Doris Porter and Mrs. Madolyn Richardson retired after many years of service in the cafeteria. Mrs. Joan Stebbins did not return as office secretary. Frank Menegoni concluded his duties as part-time custodian.

Mrs. Corinne Nash, who had early experience in our lunch program operation, returned to become director. She is being assisted by Mrs. Mary Russell. Mrs. Frances Wilson is a part-time assistant. Mrs. Linda Coutts succeeded Mrs. Stebbins in the office, and Mr. Douglas Croteau was employed to assist with custodial duties.

Physical Facilities

The two buildings have had considerable work done on them since I last reported. Certain necessary carpentry and more than the usual amount of painting were done at the elementary school. Its appearance and general functional use have been improved by this summer work program. A large part of the exterior of the high school building and the interior of the auditorium were painted. All of this was to surfaces that had not been painted since construction in 1957. We were fortunate in getting much of this work done through co-operation of the federal government program which offers employment to young people during vacation periods. Richard Clark, Jr. and David Ojala were available to us for ten weeks each under this program. The buildings are now in generally good condition, and our plan for painting areas in rotation should be continued.

Class of 1968

Twenty students received diplomas in June. Of that number, sixteen entered some form of post-secondary education with eleven of these in four year colleges. Three are employed in area industry, and one girl is married.

Extracurricular Activity

Social functions sponsored by the various classes give the students an opportunity for wholesome recreation under supervision on many weekend occasions during the school year. These are chaperoned by staff members with assistance from parents on a few occasions. Pupils appear to appreciate the opportunities provided, and we experience

only a minimum number of unpleasant incidents. These, however, make it more difficult to get teachers to give of their time.

The student council carries on an active program, and students have an opportunity to be heard in certain phases of the operation of the school.

Our athletic teams continue to participate in the Granite League. Currently we are experiencing a year of "building" as the last two graduations took a heavy toll among our athletes. The material for more strong athletic units in the future is here, and is gaining the necessary experience.

The Elementary School

We presently have eight full time teachers instructing pupils in grades one through six. Their work is supplemented by that of Mrs. Lovering in remedial reading, Mr. Stone in music, Mr. Robinson in handwriting, and Mrs. Care in conservation. The pupil-teacher ratio is very favorable and the work is progressing well. This year we have only one room with multiple grades. This seems a necessary arrangement on some occasions as grades are too large for one teacher, and not really large enough to make two full teacher loads. Census figures indicate no overload for next year.

A new reading program was adopted and the new materials have been in use since September. It is proving to be effective, and it should increase skill in reading.

The modern mathematics program has been in operation long enough so that pupils are working at all levels with considerable background. All elementary pupils have now been having modern math since starting school.

Routine physical examinations have been given by Dr. Paul and Mrs. Ford. A considerable number of corrections have already been made in glasses. Good progress is being made in caring for dental needs. This work has been done in all grades.

Conclusion

In concluding this report, I wish to express my hopes for continued support of our townspeople of a sound educational program for the youth of Marlborough. Certain decisions appear to be ahead, and I know they will be made with sincere concern for the boys and girls. No plan will be inexpensive, and certainly the school problems here, as elsewhere, deserve constant and serious study.

I wish once again to express my thanks to all who have assisted and supported me during the twenty-six years I have served as principal of these schools. To make any kind of list would be impossible, but my gratitude goes to many. My admiration and respect for my colleagues is sincere.

Respectfully submitted,

January 31, 1969

IRVIN H. GORDON, Principal

REPORT OF ADMINISTRATORS

Public expectations from education continue to increase. We expect that our schools will make provision for the college bound students and the entrance requirements are higher than ever. When our boys and girls leave, we anticipate that they will possess knowledge and skills that will "sell" at a good price in the complicated labor market. Democracy is a rather relaxed form of government which works well when its citizens are capable of self-government, again a major concern of our schools. Government programs have shown the value of earlier education. An ever increasing number go on to colleges and technological schools, and there is much demand for public supported junior colleges and vocational schools, grades thirteen and fourteen. We are recognizing the problems of handicapped children and some of us feel that we have no right to discriminate against those who already have to live with the limitations of mental and physical handicaps. Great things are expected from education, from the smallest hamlet in New Hampshire to the great sophisticated nations, and the newly independent countries. "Going to school" now has no age limits. To be rich, to be free from hunger, to be wise, to be happy, to fulfill self: all make educational demands.

Although your school board and your administrators discuss the extending scope of our problems, most of our time is devoted to solving the day to day concerns. Our goals must be high for we realize the implications of providing less than enough to satisfy youthful potential. Yet we become more perplexed with the financial limitations and the desires of the people we strive to serve.

In its second year of operation, our supervisory union organization has become more effective. We hope that our efforts are bringing improvements, particularly in the classrooms of our six towns. For the year 1968-69, our budgets total \$4,386,130 for 5564 pupils. I want to point out some specific areas of progress.

First, we have employed five new teachers who have a wealth and variety of educational experiences in New Hampshire, Connecticut, New York, Massachusetts and Rhode Island. We have been able to retain a good staff of veteran teachers. Because of change in enrollment, we have reduced the faculty by one. Our Title I program provides an "extra" for pupils with problems. We have extended "special" education, at least in a limited way. It is and will be a constant struggle to compete for teachers because our dollar resources are limited.

In the industrial arts department, the program has been broadened, including instruction in small motors and other areas. More adequate work tables have been secured and a new lathe purchased. Association with the Keene vocational shop program was

thoroughly explored but so many problems evolved that it proved impractical. We are endeavoring to build up science laboratory supplies and equipment that were pretty badly depleted. In the commercial department we have accelerated the exchange of old machines for new ones. In home economics new sewing machines replace worn out, older models and a new refrigerator has been purchased. Teachers have reviewed the copyright dates and the quality of texts and new books have been or are being purchased in mathematics, English, social studies, science.

In our elementary school we have a new reading series with linguistic approach. The Title I pupils have been supplied with programmed reading materials which emphasize individual progress. All textbooks have been inventoried and the new budget will provide for first priority needs.

Audiovisual instructional materials have been supplemented and the test program has been strengthened.

We are trying to maintain our buildings for efficiency, safety, attractiveness. The rear and one side of the elementary building exterior have been painted and a worn out door replaced. We have continued the program of classroom painting. The cupola was repaired and painted. Approximately one-half of the exterior and trim of the secondary school was painted. The interior of the gymnasium has been painted. Miscellaneous maintenance jobs have been performed, including replacing floor tile, checking oil burners, replacing glass, painting doors and floors.

Projects to be completed within the new budget are roof repairs, rebuilding the front entrance to the elementary school, painting halls and four classrooms, finishing off the kitchen store room.

Our maintenance dollars have been extended by the employment of a student under a federal project, by Mr. Farwell and Mr. Karl Robinson. We cannot wisely postpone much needed repairs.

The new budget is nearly complete at this time. Those responsible have devoted hours to preparation and review. Such a large proportion is fixed and beyond our control, that our choices and yours are extremely limited.

Again, the budget will require a sizable increase in taxes on real estate. State laws on the books, if implemented, would provide more than \$80,000 in foundation aid rather than the \$28,000 currently received. Tuitions receivable are nearly a revenue of the past. The taxable real estate behind each pupil is only $\frac{2}{3}$ that of the New Hampshire average. Translated into the dollars, this means that our local effort must be at least $\frac{1}{3}$ greater to maintain even an average school system. I implore each of you to make his voice felt in Concord to secure greater state support. Nationally, the local share of school support is 52%, whereas our local effort is 90%.

Are there alternatives to our high local cost, particularly for the

high school? Primarily it comes from our effort to maintain a good, comprehensive program with a small enrollment of 100-120 pupils. Are we getting the most for our expenditure? It seems timely to join forces locally and with other nearby districts to explore all possibilities to the end that wise decisions can be made for our boys and girls in the near future.

We are grateful for the effort of our associates, your continued support and the goodwill consistently demonstrated towards our teachers and employees.

JOHN W. DAY, Superintendent
ALFRED LAMBERT, Asst. Superintendent
JAMES J. CUSICK, Asst. Superintendent
GEORGE E. CASS, Business Manager

**MINUTES OF THE ANNUAL SCHOOL DISTRICT MEETING
OF THE MARLBOROUGH SCHOOL DISTRICT
HELD MARCH 9, 1968**

Meeting called to order at 3:00 P.M., March 9, 1968, by Moderator Frank E. Knight and warrant read. The moderator declared the meeting open under Article 1 calling for the election of a moderator, a clerk, a member of the School Board for three years, a member of the School Board for two years, a treasurer and an auditor under the Non-partisan Ballot System.

The meeting open under Article 1 calling for the election of a moderator to act upon the following subjects. The moderator declared the meeting open for action on Article 2 through 9 inclusive.

Article 2. (The moderator called for a moment of silence at this time out of respect for Alden J. Beauregard, a member of the School Board.)

Voted favorably on the motion of Alphonse A. Despres that, beginning with the 1968-69 fiscal year, the members of the School Board shall serve without salary and in lieu thereof shall be paid an expense and travel allowance, the amount to be set in conjunction with the salaries and expenses of the other officers and agents of the district and that the provisions of this article be taken up under Article 5.

Article 3. Voted favorably on the motion of Alphonse A. Despres that we accept the reports of agents, auditors, committees and officers chosen, as printed in the annual town report. Voted favorably on the motion of Alphonse A. Despres that we take up Article 7 at this time.

Article 7. A motion was made by Alphonse A. Despres and supported that the district authorize the School Board to establish a public kindergarten in accordance with the laws of the State of New Hampshire and to set a kindergarten transportation policy.

A secret ballot was called for and the motion was defeated as follows:

Total number of votes cast	79
Opposed	57
In favor	22

Article 5. Voted favorably on the motion of Alphonse A. Despres that the district raise and appropriate the sum of \$283,464.50 for the support of schools, for the salaries and expenses of School District officers and agents and for the payment of statutory obligations of the district.

Article 6. Voted favorably on the motion of Oscar F. Croteau that the district vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire.

Article 8. Voted favorably on the motion of Alphonse A. Despres that we pass over this article.

Article 9. Voted favorably on the motion of Leslie Knight that the School Board and Superintendent of Schools publicize the time of future meetings to a greater extent.

Mrs. Geraldine Sawyer recommended that the annual school district meeting be held in conjunction with town meeting.

Alphonse A. Despres stated that a policy in regard to grievances between parents and the school administration had been set up as follows:

1. The parent should discuss the grievance with the principal and the teacher involved at a mutually agreeable time.
2. If the parties were not satisfied with the results of Step 1. an appeal should be made to the Superintendent of Schools.
3. If the parties were not satisfied with the results of Step 2. an appeal should be made to the School Board who would render a verbal or signed written decision.

All persons having voted who wished, the polls were declared closed by the moderator at 9:45 P.M. Voted favorably on the motion of Oliver F. Derby that the meeting return to Article 1. The ballots were examined and counted and the votes for the various candidates were tallied by the moderator, in the presence of the district clerk and other election officials. When the counting was completed, the results of the counts were declared and publicly announced by the moderator as follows:

Total number of votes cast	66
For Moderator	
Frank E. Knight received	64 Elected
For District Clerk	
Oliver F. Derby received	66 Elected
For School Board Member (three years)	
Alphonse A. Despres received	63 Elected
For School Board Member (two years)	
Richard W. Butler received	63 Elected
For District Treasurer	
Oliver F. Derby received	66 Elected
For Auditor	
Rachel Ohman received	31 Elected

All officers elected and present were qualified.

The meeting was adjourned at 10:00 P.M.

Report of Forest Fire Warden & District Chief

People cause fires. Our records show that the number of fires increase in an area as the population increases and our state is growing tremendously. This means that we all must be aware of fire causes and do our best to prevent their occurrence.

When we are very young the lighted matches is an adventure, burnt fingers and a dropped match is another fire. A little older we like to have a woodland cookout, or go out by ourselves for a smoke but fire and forests get together for another statistic. We adults like to clean up in the spring, burn the old debris and the dead grass, result — escaped fires and much personal expense.

With new homes and summer cottages located in woodlands and with abandoned fields and forests crowding the back yard of our villages' streets, it is necessary that everyone be aware all through the fire season, which comes with the disappearance of the snow, of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. To teach our children the danger of lighted matches.
2. To NEVER discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn—
 - a. You need a written permit from the town fire warden for ALL debris burning except when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted on notification of the warden.
 - b. The warden is forbidden by regulation to allow burning of household rubbish on GRASS by householders between 9:00 A.M. and 5:00 P.M.
 - c. Have equipment on hand to control the fire BEFORE you light the match.
4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save your tax dollars for useful purposes.

Forest fire record for 1968:

	Number of Fires	Woodland acres burned
State	593	349
District #10	80	113
Town of Marlborough	4	1½

ROBERT BURNS, District Chief
FRED R. CLARK, Warden
